We all have enough to do in our lives, but do we have a place that helps us to not get lost in the midst of it all? Do we know what we are looking for in life or are we just caught in a constant stream of activity? This is an invitation to a friendship that helps us to discover “*something more*” in life that gives meaning and direction to what we do. Come and see. This was the invitation of Jesus and this is our invitation to you. Come and see!
